

Invitation Letter to Congress

Dear colleagues,

In this period when we are deeply affected and saddened by the earthquake that has struck our

country, we are determined to continue with scientific activities. With this purpose, we are delighted to invite you to the 9th National Hernia Congress, which we will organize in the magnificent setting of Cappadocia, a natural wonder, from November 16th to 19th, 2023.

The main theme of this year's congress will be "Challenging Hernias; Finding the Safest and

Most Successful Technique Together." In this congress, while remembering our traditions, we

will continue to advance hernia surgery in our country towards a better future, in line with the advancements in surgical techniques and technology.

At our congress, we are making every effort to prepare a program consisting of presentations

by speakers who are experienced in their fields, both nationally and internationally, in the light of current literature, which will contribute to our surgical knowledge and technique. We will also prioritize visual presentations, video sessions, and interactive discussions.

Furthermore, with its exquisite nature and historical charm, Cappadocia will create a pleasant

atmosphere for us to catch up with each other and establish new friendships.

With love and respect,

Prof. Dr. Atıl ÇAKMAK
Congress President

Assoc. Prof. Dr. Akın Fırat KOCAAY
Congress Secretary
